# Letter From Administration

ar Class of 2020,

Like you, I never imagined we would leave our school in mid-March, significantly impacting how we all share in the many traditional senior events and celebrations. Nevertheless, your success, your laughter and your energy are in our hearts even as we social distance through the Covid-19 pandemic. Despite the misfortune and the complete upending of your senior spring, I truly believe that we will all come through this stronger and brighter!

And although your senior events may be 'untraditional', I have no doubt that they will be spectacular! Your class holds a special place in my heart. We will leave AHS together - you after four years and me after 35! I am so lucky that yours is the class that will memorialize a wonderful part of my life.

I leave you with this by author Steve Goodier, "Those who overcome great challenges will be changed, and often in unexpected ways. For our struggles enter our lives as unwelcome guests, but they bring valuable gifts. And once the pain subsides, the gifts remain. These gifts are life's true treasures, bought at great price, but cannot be acquired in any other way."

Congratulations Class of 2020! We wish you health, peace and joy!

# Letter From the Editors

Dear Class of 2020,

Welcome to our yearbook! This year's theme is Adventure is Out There! Our experiences as a class have truly been an adventure!! We've shared so many experiences together, both in Abington and beyond. Although our senior year was cut short due to the Coronavirus, that did not stop us as a class from continuing to grow as a family. Our class has shown that we are all trailblazers, champions, and scholars that are ready to apply our acquired knowledge to enhance and advance the world in which we live.

You may notice as you look through the yearbook that we made the decision to include some events that unfortunately did not get to take place, such as the spring sports season and the spring musical. We felt that it was important to acknowledge the hard work and dedication students, teachers, coaches, directors, and countless others put into preparing for these events and the emotional connections they have for so many of us.

We would like to give a special thank you to our yearbook advisors Ms. McHugh and Ms. Slayton for allowing us to share all these great memories as a class.

Our days at Abington High School have come to an end, but our own personal adventures continue. Where will yours take you?

# Letter From Class Officers and Advisors

Deciding to run for class secretary freshman year was the best decision I could have ever made. I would not be the person I am today without everything I've learned from my fellow classmates, officers, and advisors. As officers we created an amazing relationship where we treated each other as equals and only challenged ourselves to be better; when we were together it didn't matter that someone was president or secretary, we were one of the same. I have loved getting to have a voice on the way our four years here at AHS have gone, and the relationships I've built with both my classmates trusting me to have their wishes to be heard and from my teachers to use me as a role model that can set the standard. Class of 2020 we have achieved amazing things in the past 12 years together, but I know our time at Abington is only the beginning for us all. - Mikayla Littman

Being the Class president of our amazing class of 2020 helped me build my character and my relationships with all of you. Before I had become the class president, I lived in a somewhat of a shell and being able to work together as officers really helped me grow. Being your class president for the last two years gave me so much pride in my grade. Although I didn't get into the student government as early as our great vice president and secretary, I loved working as our president and being a voice for the grade. To be honest, I ran for president on a whim and thought it would be a way for me to learn, grow, and better myself, and I would not have changed it for a thing. Thanks to all of you, thank you for the last 12 years, it was an honor serving as your class president, and I hope to see you all doing amazing things. - Daisy Littlefield

To the Class of 2020

Our journey began in 2016

Mrs. Peck and Mrs. O'Donnell hope we've made a great team

There's been bumps in the road

But with hard work and persistence we have so much to show

The officers, the committees, the volunteers together

You all as a team, inspire us forever

From fields to the stage, math teams and abroad

This class as a whole leaves us all awed

Life is not without struggles as you will discover

Take some of the tools we have given you to help you recover

The years you spent here we tried to make the best

It's time to put all of those lessons and strengths to the test

The end was not what anyone had planned

Your resilience shines through in the face of a crisis at hand

Nothing is certain in anyone's life

But because of AHS Class of 2020, the future is bright

Señora Ward's Class.

Miss Pflaumer's reading area.

Having lunch with my besties.

Making TikToks in the library with Liv and Lexi and getting yelled at by Miss London.

The memories I made with my sports teams each day after school, whether it was a game, practice, or team bonding; my cheer and lacrosse teams became like family to me and I will miss every moment of cheering and playing with them.

The tech weeks for drama club.

Seeing my friends and teachers everyday.

Seeing the same people in the halls everyday and the Abington Varsity Cheerleading team.

Walking to classes with Olivia laughing and creating memories with her daily, being a part of an amazing track team and the anticipation of competing in track meets as an Abington athlete.

My daily catch-ups with Mrs. Casey, sitting in the locker room/moonwalking with Sam every day before lunch and driving Michaela to school every wave week.

The amount of smiles I would receive and also give every morning to teachers and my peers when they saw me for the first time everyday.

Messing around on the sidelines with Reid Norton, Yazan Zaidan, and Matt Desouza at soccer games.

The drama rehearsals and the Friday night football games with the marching band.

Sports, seeing everyone I've grown up with everyday, the missed opportunities.

being my friends every day.

# TEACHER ADVICE

This will be a year to remember, but always know that kindness prevails, love conquers all, and to have faith in humankind. -Ms Harrington

Take care of yourself so that you can take care of others. Your mental health is as important as your physical health. Learn to love yourself. Cut toxic people from your life when necessary. Understand the importance of a few really good friends (quality over quantity). Do things on your own so you build the confidence to succeed on your own. Don't let failures keep you down. Last but not least, my favorite quote "Be kind or be quiet" -Mrs Daisy

Respect Yourself Respect One Another Be Accountable for Your Own Actions Do Your Best And Have Fun- Mr Siegel

There will be many roads to take, as you try to navigate through life. Don't forget, that if one road closes or leads you nowhere, there are others to take. With resilience and perseverance, you will ultimately take just the right road. - Ms Fry

Be kind to each other. - Mr Shannon

Pick up your head. Enjoy the moments, the family and friends, and make memories. Don't worry about capturing it in a photo or video, posting or sharing. The connections, smiles and tears will remain with you forever.- Ms Kitterick

No act of kindness, no matter how small, is ever wasted. - Mr Lanner

Congrats! Class of 2020! Hoping some of the books you read in high school provide words of wisdom, inspiration, or comfort as you go forward in life. Be well. Keep in touch. Peace - Ms Pflaumer

Bless all of you going through this unprecedented crisis. You are strong and will gain incredible skills that you will use in your life. xoxo- Ms Keohane

Whenever you leave your loved ones, always say I love you. - Ms Wakelin

Worry pretends to be necessary, but serves no useful purpose...On a deeper level you are already complete. When you realize that, there is a joyous energy behind what you do." E. Tolle - Ms Clifford

If you don't know what you want to do for the rest of your life--good! Take your time, try different areas that interest you. You can change directions at any time. Most paths in life are not straight and it's okay to take the time to meander to find your own way. It may not always be easy but most things that are worthwhile are not easy. We are cheering you on even if you can't see us. - Ms Genealy

The way you act when no one is watching defines your character. Best wishes class of 2020! - Mr Scott

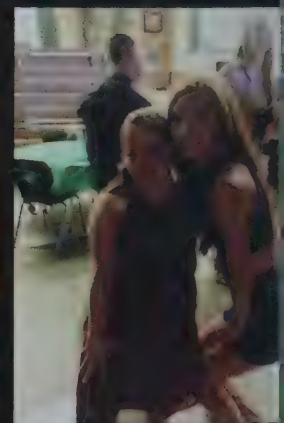

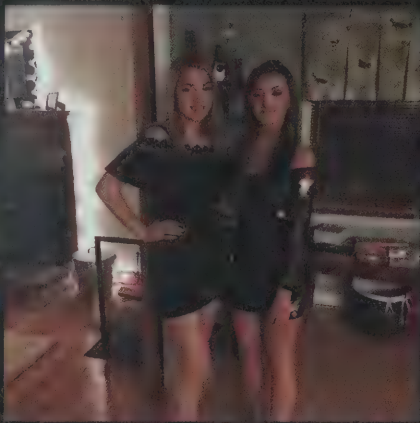

We will miss the class of 2020! So many of you have been so welcoming to me during my first year at HS. Thank you! As you continue your journey, I hope you remember to cultivate the habit of reading for pleasure. Jacqueline Kennedy once said, "There are many little ways to enlarge your world. Love of books is the best of all." Safe and happy travels! - Ms London

These words from the poet Rilke guide me every time I don't have an answer or clear path— in relationships, between jobs, trying to make life decisions, even when I am reading a poem or when I have writer's block. I hope they bring you comfort in uncomfortable times: "Be patient toward all that is unsolved in your heart and try to love the questions themselves, like locked rooms and like books that are now written in a very foreign tongue. Do not now seek the answers, which cannot be given you because you would not be able to live them. And the point is, to live everything." Rainer Maria Rilke, Letters to a Young Poet, 1903 -Dr Gonsalves

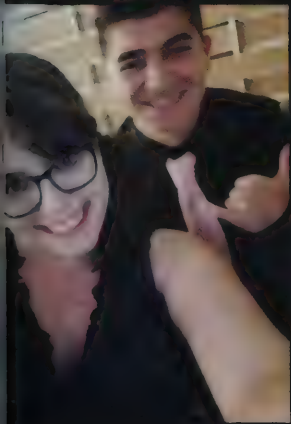

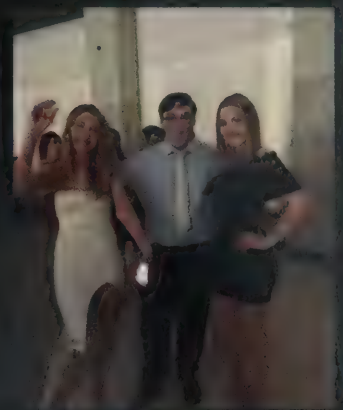

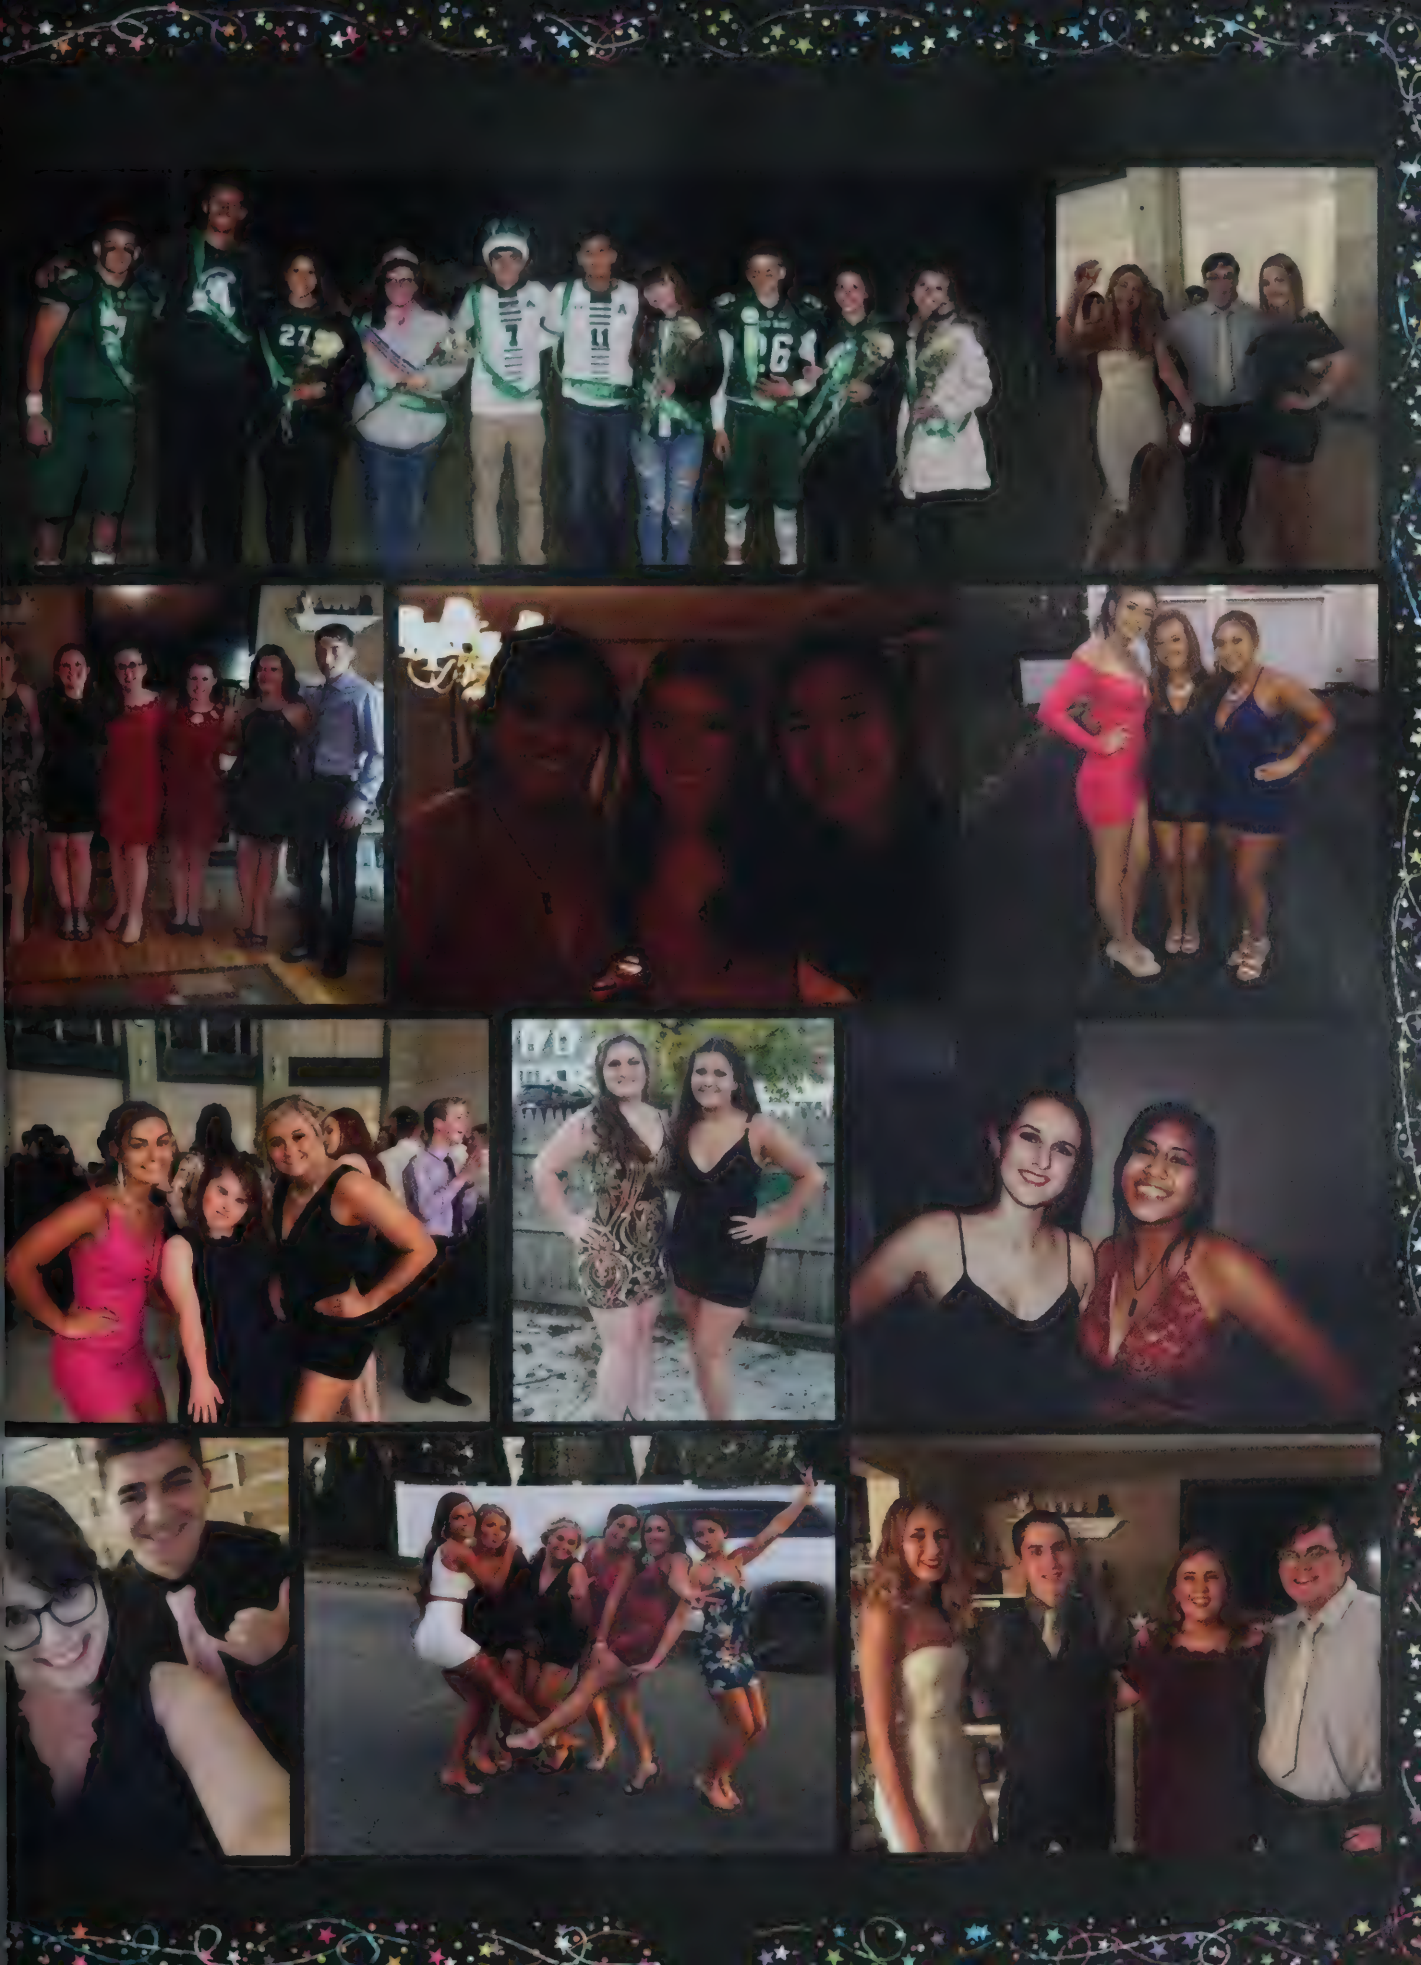

To the Class of 2020, When our journey started four years ago, none of us knew what we were doing, and look how far we have come! Along with your officers, we pieced it all together and became one cohesive unit. All of you made this easy for us as Advisors because you are natural leaders. You stepped up to face any challenge, came together to make difficult decisions and respectfully and articulately crafted a way to state these concerns to Dr. Sullivan and Mr. Schafer. Thank you for the last four years. It has been our pleasure and honor to watch you grow into amazing adults! We will miss you! - Ms Peck & ms O'Donnell
